Forecast For Wales
Issued by Met Office Exeter
at 1600 on Friday 22 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Scattered wintry showers, mostly in the north and west.

This Evening and Tonight:
Scattered wintry showers turning to snow overnight, accumulating over hills and at lower levels for some. Most likely in the north and west, particularly as the night continues. Feeling cold with widespread frosts and icy patches. Minimum temperature -5 deg C (23 deg F).

Saturday:
Scattered wintry showers with sunny intervals continue to affect Wales with the clearest and driest spells over South Wales. Becoming largely clear and dry overnight. Feeling cold with light winds. Maximum temperature 4 deg C (39 deg F).

Outlook for Sunday to Tuesday:
Occasional rain and snow, mainly over the hills in south clearing during the afternoon on Sunday. Sunny spells with scattered showers on Monday. Heavy rain on Tuesday. Feeling cold throughout.
